1 | WELCOME ABOARD

WHAT VOYAGER IS AND HOW IT WORKS

Voyager is MDA009's membership program, and the set of tools that runs it live on stream. Everyone starts as a **Blue Explorer** the first time they chat. From there, everything you do on stream counts: watching, chatting, playing the games, finishing missions and supporting the channel.

WHAT VOYAGER GIVES YOU

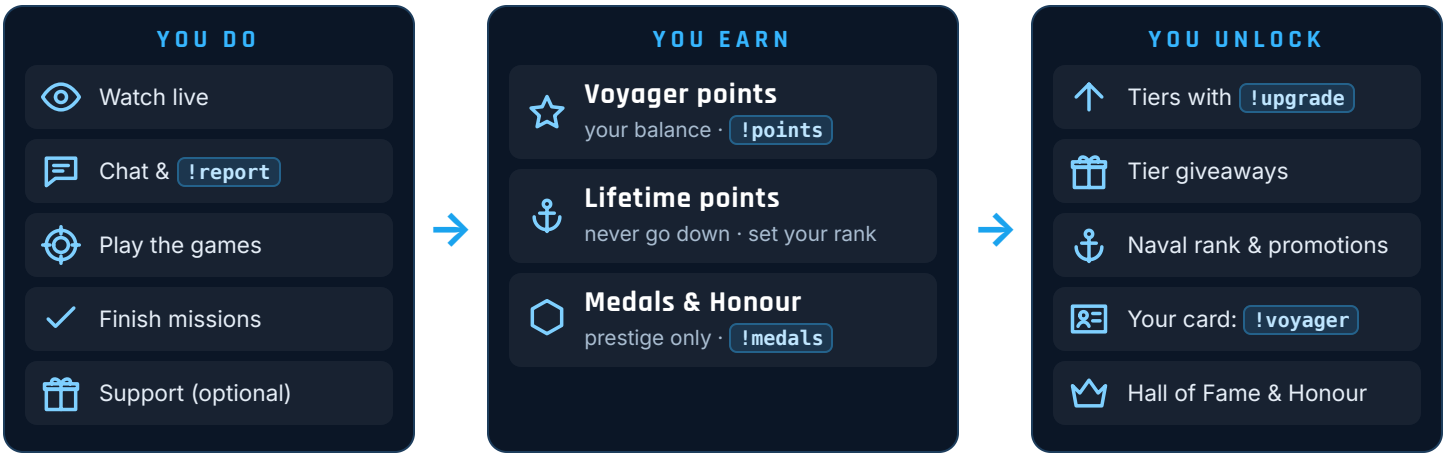

- **Voyager points** you earn on stream and spend on membership upgrades with `!upgrade`.
- **Four membership tiers** (Blue, Silver, Gold, Platinum), each with its own giveaways.
- **A membership card** you can show on stream any time with `!voyager`.
- **Naval ranks** from Midshipman to Admiral of the Fleet, based on every point you have ever earned.
- **31 medals** for loyalty, support, games and community, shown on your card.
- **Live games**: the Dreadnought boss fight and Voyager Versus dogfights.
- **Weekly missions, community goals and squadrons** to work towards with the community.
- **Giveaways** with an on-stream countdown and wheel, and a fair-draw check anyone can run.

WHERE IT WORKS

- **Twitch, YouTube and Kick.** Chat commands work on all three (Voyager Versus is Twitch only).
- **On stream.** Cards, promotions, medals, quizzes and giveaways appear in the broadcast.
- **voyagercommand.com**, the stream companion: live status, your card, ranks, medals, leaderboards and winners on your phone.

> **100% free.** You never need to spend money to take part. Subscriptions, gifts and Bits are always optional, and paid support never buys giveaway entries or tickets.

3 | VOYAGER AT A GLANCE

WATCH • ENGAGE • EARN • UPGRADE • UNLOCK REWARDS

Everyone starts as a Blue Explorer. Earn Voyager points through participation and support, then choose when to spend those points to unlock higher membership tiers and their giveaways.

- Core progression: **Blue Explorer → Silver Sentinel → Gold Commander → Platinum Vanguard.**
- **Ruby VIP** and **Emerald Elite** are adjacent recognitions added to your existing core membership.
- Your **naval rank** sits alongside your tier. Tiers are what you choose to buy; ranks are what you have earned over time.
- Tier giveaways are community-triggered by point thresholds. Once a threshold is reached, the giveaway is scheduled for the following Stellar Sunday.
- Upgrades remain open until that tier's giveaway begins.

Voyager tier structure: four core tiers with adjacent Ruby VIP and Emerald Elite recognition.

TIER

Blue → Platinum

Bought with `!upgrade`. Decides which giveaways you are in.

RANK

Midshipman → Admiral of the Fleet

Earned from lifetime points. Shown on your card; never lost.

MEDALS

5 | YOUR MEMBERSHIP CARD

!VOYAGER • YOUR TIER, RANK, STATS AND MEDALS ON STREAM

Type `!voyager` in chat and your membership card plays on stream for about 12 seconds: it warps in, opens like a hologram, counts up your stats, pops in your medals and stamps on your naval rank. Your card is coloured by your tier.

1. Your member details: name, member ID and the date you joined.
2. Your tier title, in your tier's colours.
3. Your callsign: an earned medal you choose with `!voyager title <medal>`.
4. Voyager points (your balance), lifetime points with the points to your next rank, hours watched with your stream streak (this is your Twitch watch streak and nothing else: share it in chat when Twitch offers and the card shows that number), and your Voyager Versus record.
5. Your naval rank with its sleeve insignia, your all-time place and lifetime points.
6. Six of your best medals in their grade metals (Bronze, Silver, Gold or Legend).
7. Community goal place and score, Dreadnought record, months subscribed and Honour.
8. Next tier: how many points until you can `!upgrade`.

Privacy: type `!voyager private` to hide your hours watched and months subscribed on your card and on voyagercommand.com (`!voyager public` shows them again). Giveaway ticket balances are never shown anywhere.

5 | YOUR CARD: THE BACK & CEREMONIES

!VOYAGER STATS • !VOYAGER BADGES • TIER-UPS • PROMOTIONS

`!voyager stats`: your fleet record (Dreadnought, Versus, missions and community goals, crew and community).

`!voyager badges`: your medal wall, earned medals in their grade and locked ones with progress.

CEREMONIES

Tier-up. When you upgrade, your old card charges up and explodes into your new tier's card, with confetti.

Promotion. A gold PROMOTED title card, then your old insignia flips to your new rank with a shockwave.

HOW YOUR CARD PLAYS ON STREAM

Warp in — Light streaks in your tier colour

Hologram opens — The card unfolds from a beam of light

Stats count up — Points, hours and records roll up

Medals pop in — One by one, in their grade metals

Rank stamps on — Your insignia lands with sparks

Signs off — About 12 seconds, then it folds away

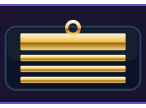

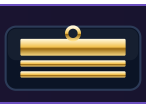

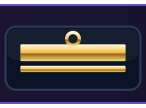

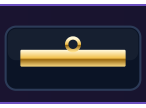

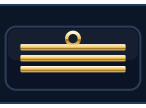

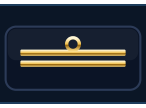

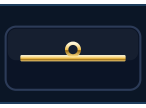

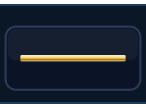

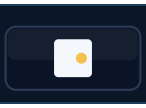

- One card at a time plays on stream, in the order called; each viewer can call their card once a minute.
- Type `!voyager title` on its own to list the callsigns you have unlocked.
- Promotions are announced in chat (grouped) and on stream as they happen.
- Your card is also on voyagercommand.com › My card, front and back, with a full-screen view on phones.

6 | NAVAL RANKS

ROYAL AUSTRALIAN NAVY OFFICER RANKS • LIFETIME POINTS • LEADERBOARD

Your rank shows how much you have contributed over time. It comes from your **lifetime Voyager points**: every point you have earned, which never goes down when you spend points on `!upgrade`. The top three ranks also need an all-time leaderboard place, so only the most dedicated crew can reach them.

	**Admiral of the Fleet** AF	**500,000** lifetime points	#1 all-time only
	**Admiral** ADML	**250,000** lifetime points	and top 3 all-time
	**Vice Admiral** VADM	**175,000** lifetime points	and top 10 all-time
	**Rear Admiral** RADM	**100,000** lifetime points	
	**Commodore** CDRE	**50,000** lifetime points	
	**Captain** CAPT	**25,000** lifetime points	
	**Commander** CMDR	**10,000** lifetime points	
	**Lieutenant Commander** LCDR	**5,000** lifetime points	
	**Lieutenant** LEUT	**2,500** lifetime points	
	**Sub-Lieutenant** SBLT	**1,000** lifetime points	
	**Acting Sub-Lieutenant** ASLT	**500** lifetime points	
	**Midshipman** MIDN	**Start** everyone	

- Lifetime points are the points Voyager has seen you earn, and never less than the points you hold right now.
- Promotions are checked about once a minute while Voyager is running, announced in chat and played on stream.
- See every rank holder, the senior officers and recent promotions on voyagercommand.com.

7 | MEDALS & HONOUR

31 MEDALS • FOUR GRADES • !MEDALS • !VOYAGER BADGES

12 | MISSIONS & COMMUNITY GOALS

WEEKLY MISSIONS • COMMUNITY GOALS • SCORE • HALL OF FAME

Every week brings a fresh set of missions. Finish one to earn up to **50 Voyager points**. Weeks reset on Monday at midnight (Sydney time), and each mission can be completed once a week.

THIS WEEK'S MISSIONS

MISSION	WHAT TO DO	REWARD	WORKS TOWARD
Ace of the Arena	Win a Voyager Versus battle	25 pts	**Versus Ace**
Crew Supporter	Subscribe or renew (sub, membership or Kick sub)	25 pts	**Loyal Subscriber**
Fleet Gifter	Gift 3 subs or memberships	25 pts	**Fleet Gifter**
Veteran Crew	Renew with 6+ months subscribed	25 pts	**Sub Streak**
Quartermaster	Earn 300 Voyager points	25 pts	**Point Collector**
Hold the Line	Be at 5 streams in a row	25 pts	**Unbreakable**
Care Package	Gift a sub or membership	25 pts	**Fleet Gifter**

- **Missions and medals work together:** each mission counts toward a medal, and every mission you finish also counts toward Mission Runner and Full Spectrum.
- Other mission types MDA may run: watch hours, chat messages, streams in a row, Dreadnought fights, victories, damage, MVPs and torpedoes. See this week's on voyagercommand.com and on stream.

COMMUNITY GOALS & THE HALL OF FAME

From time to time MDA runs a **community goal**: a named run with a start date, a due date and one or more targets for the whole crew, counted from the day it is announced. During a run your **score** is the points you earn, plus **100** for every sub, renewal or gifted sub. When it ends, the champion and the top Versus pilot join the **Hall of Fame**, and the top three earn the Season Podium medal.

Christmas 2026 · 1 Nov – 25 Dec

1,000 subs across Twitch, YouTube and Kick (new subs, renewals and gifted subs, counted from 1 November). Everyone who contributes earns ×1.5 Voyager points on everything they earn during the run, paid when it ends, and a place in the Christmas Eve giveaway draw.

Each goal has

what it counts (subs, gifted subs, Voyager points earned by the crew, or Versus wins), a community target, a points reward and/or a points multiplier for every helper, and a due date

Your contribution is tracked

per person: the on-stream contributors panel and voyagercommand.com show who has helped each goal and by how much.

A multiplier bonus is paid to every helper when the run ends whether or not the target is reached; a fixed reward is paid when the goal is reached. Nothing runs between community goals.

THE DREADNOUGHT CO-OP BOSS FIGHT • VOYAGER VERSUS

⚠ HOSTILE CAPITAL SHIP

THE DREADNOUGHT

3,920 / 6,450 HULL · 61% · 1:42 LEFT

COMMS RELAY · CHAT TO CHARGE 36 / 50

1 · It approaches

MDA or a moderator calls it and the battle takes over the screen (MDA's game shrinks to a corner). You have 60 seconds to type `!join` and board the fleet.

2 · Fight

Type `!fire` every 3 seconds for 25–50 damage (6% chance of a triple-damage critical), and `!shoot` on its own 3-second cooldown for half that — use both. You have 4 minutes.

3 · Hit harder

Cheers deal 2.5 damage per Bit. Each gifted sub fires a torpedo for 600. Every 50 chat messages charge the Comms Relay for a fleet barrage (2% of the hull).

4 · Survive

At half hull its shields go up for 8 seconds (`!fire` halved). It knocks pilots out for 6 seconds every 20 seconds, and faster when enraged at 20% hull.

5 · Victory

Destroy it in time and **every pilot who fought earns 50 Voyager points** (+10% for a fast kill, below). Top damage is the **MVP**: +25 bonus points and a celebration on screen. If it escapes, nobody is paid.

Speed goals: a kill within **1 minute** earns every pilot who fought the **Legendary Strike** medal; within **2 minutes**, **Hero of the Fleet**. Either adds **10%** to the victory points (countdown under the clock). Hull: 6,000 + 150 per pilot (75 per late joiner). Medals: Slayer, Top Gun, Torpedo Run, Legendary Strike, Hero of the Fleet and the secret Last Stand.

VOYAGER VERSUS TWITCH

- Type `!versus` to call a battle. The next viewer to type `!versus` flies as the challenger.
- Pick a fighter any time with `!ship` and its name (below).
- After a 10-second countdown, fly with the actions below. Energy starts at 100 and recharges; `!leave` leaves the queue.
- The winner earns **50 Voyager points** and a champion celebration on screen.
- The arena recharges for 45 minutes between battles, and each viewer can call one battle and answer one each stream.
- Wins count toward Versus Ace, Hot Streak, missions, the community goal and your squadron.

14 | CHAT ENGAGEMENT

!REPORT • BRIDGE QUIZ • SQUADRONS • COMMS RELAY • ARRIVALS • CAPTAIN'S LOG

On stream: arrival, muster and Captain's Log cards (left), the Bridge Quiz (top) and the squadron war (right). Sample data.

Daily muster · `!report`

Report for duty once each stream for **2 points** (your Twitch, Kick and YouTube accounts each count separately). Your name joins the muster call in chat and on stream and counts a stream attended. (Your stream streak is separate: it is Twitch's watch streak, shared in chat.) A stream starts when MDA goes live or after a long break in chat; MDA can also reset it mid-session, which lets everyone report again.

Bridge Quiz

Star Citizen trivia and general knowledge. When a question appears, the **first correct answer** in chat wins **5 points**. You have 60 seconds; spelling and capitals are forgiven. `!quiz` repeats the question.

Squadrons · `!squadron red | gold | blue`

Join Red Wing, Gold Wing or Blue Wing. Each week your chat (1 per message, up to 60 a stream), missions (25 each), Dreadnought damage (1 per 10) and Versus wins (50 each) score for your squadron. Switch once every 30 days. Bragging rights only: squadron scores never change anyone's points.

Comms Relay

During a Dreadnought fight, every chat message (not commands) charges the relay. At 50 the whole fleet fires. Each viewer counts once every 5 seconds.

Arrival cards

The first time a Silver, Gold or Platinum member chats each stream, or anyone promoted since their last visit, a "now on the bridge" card slides in with their tier and rank.

Captain's Log · `!log <moment>`

15 | GIVEAWAYS & THE WINNER REVEAL

CHAT • MEMBER TIERS • TICKETED • FAIR DRAW

Chat giveaways

Impromptu giveaways opened during the stream. Type `!enter` (or `!ticket`) while entry is open, on Twitch, YouTube or Kick. One entry each.

Member tier giveaways

Silver, Gold, Platinum and Ruby VIP giveaways for members of that tier and above, triggered by community thresholds (section 16).

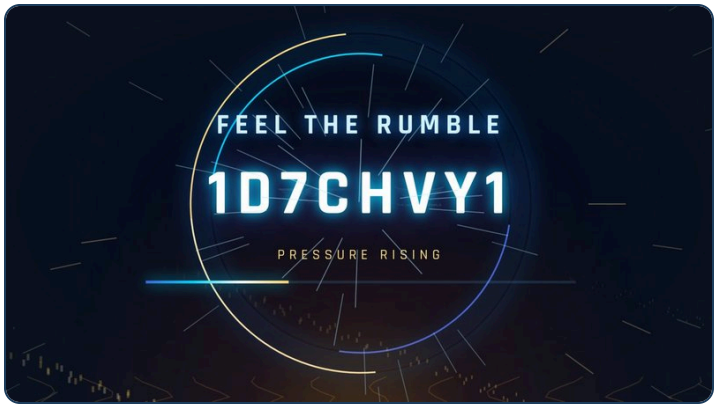

Ticketed giveaways

Longer giveaways (usually about four weeks). Join once with `!entergiveaway` or `!entry`, then earn **1 ticket per 10 minutes** you watch live. `!tickets` checks your balance. More tickets, better odds.

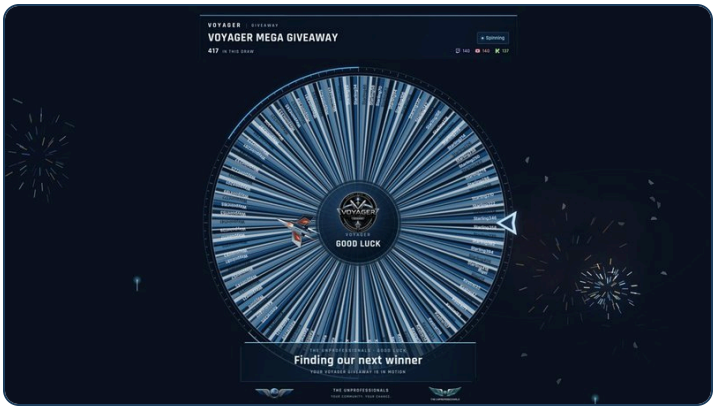

THE WINNER REVEAL

10-second countdown

Buildup

30-second wheel

Winner and claim timer

Every draw plays the same sequence on stream. On a ticketed wheel, each slice is sized by tickets. The winner's name and platform appear, followed by the claim timer where a live claim applies.

FAIR-DRAW CHECK

Before a chat giveaway is drawn, Voyager locks the entrant list and posts its fingerprint in chat and on voyagercommand.com. After the draw, anyone can press **Check this draw** on the site and their own browser repeats the draw to confirm the winner.

RECENT-WINNER RULE

Everyone may enter chat giveaways, but anyone who won a chat giveaway in the last 30 days can't be drawn again until the 30 days pass. Silver, Gold, Platinum and Ruby VIP giveaways are not affected.

Giveaway tickets are only ever earned by watching. Subscriptions, gifts, Bits and points never buy giveaway entries or tickets.

16 | TIER GIVEAWAY THRESHOLDS

COMMUNITY-TRIGGERED GIVEAWAY CYCLES

Each applicable tier has a community point threshold. Reaching it activates the next giveaway; it does not close entry.

1	2	3	4	5
UPGRADE	**BUILD**	**TRIGGER**	**ENTER**	**RESET**
Spend points	Reach threshold	Giveaway activates	Upgrades stay open	Cycle restarts

SILVER SENTINEL
72,000 community points
Giveaways valued US$100–200

GOLD COMMANDER
120,000 community points
Giveaways valued US$200–500

PLATINUM VANGUARD
200,000 community points
Giveaways valued US$500–1,000

SILVER SENTINEL EXAMPLE

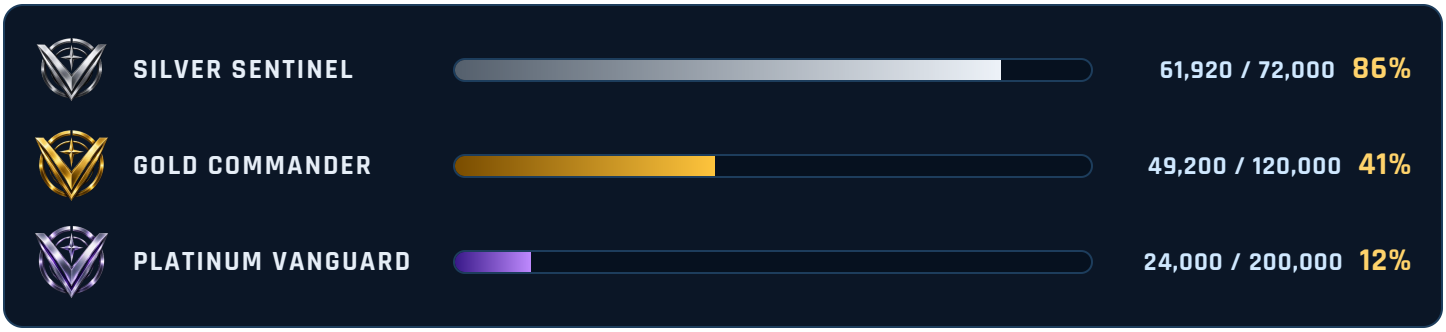

Silver requires 72,000 community points to trigger its giveaway. Once reached, the giveaway is scheduled for the following Stellar Sunday. Members can continue spending 1,200 points to upgrade into Silver right up until the Silver giveaway begins.

After the draw, Silver resets. Point-upgraded members must upgrade again for the next cycle. Active Twitch Tier 2 subscribers remain Silver while their qualifying subscription remains active.

Threshold progression is shown live on stream with each tier's emblem and a percentage, and on voyagercommand.com. Once a threshold reaches 100%, entry stays open until the giveaway is drawn, so more than 100% can be reached.

Members may be invited to suggest a giveaway item relative to the value of prizes eligible for the tier, and to vote on suggested prizes for the upcoming draw.

TRACKING PROGRESS

Sample figures. The live tracker is on stream and on voyagercommand.com.

19 | PROGRAM GOVERNANCE & PROMOTION RULES

PROMOTION DISCLAIMER • ELIGIBILITY • FAIR PLAY • FINAL AUTHORITY

"This is a promotion from MDA009. Twitch, YouTube and Kick do not sponsor or endorse broadcaster promotions and are not responsible for them."

STREAMER AUTHORITY

MDA009 administers the Voyager Membership Program and all associated promotions, giveaways, eligibility decisions, redraws and interpretations of these rules. MDA009 has the final call on all decision-making, and all decisions are final.

Where reasonably required for fairness, integrity, security or practical operation of the stream and community, MDA009 may override, amend, temporarily suspend or make an exception to a Voyager rule or process. This may include technical failures, platform issues, suspected abuse, unforeseen circumstances, errors, event changes or situations not expressly covered by this manual.

GENERAL GIVEAWAY RULES

- Must be following the MDA009 channel.
- Where a live claim applies, must be present in chat at the time of the draw.
- Scripts, bots, automated and/or multiple accounts or artificial methods used to manipulate entries, points, tickets, games or eligibility are prohibited and may result in disqualification and a ban.
- A member cannot win two consecutive giveaways in a row unless MDA009 expressly announces an exception; chat giveaway winners can't be drawn again for 30 days.
- The regular giveaway cycle is intended to operate every four weeks, subject to tier thresholds, special events and scheduling.
- Giveaways are at the discretion of streamer MDA009. Eligibility, redraw, winner and prize decisions are final.

FAIR PLAY & POINTS

- Paid support (subscriptions, gifts, Bits, Kicks, Super Chats) earns Voyager points, medals and recognition, never giveaway entries or tickets.
- Voyager points, ranks, medals and squadron scores have no cash value and cannot be exchanged or transferred.
- Rewards for missions, the daily muster, quizzes and goals are reviewed and paid by MDA009.
- Values, criteria, rewards and benefits may evolve; significant changes will be communicated.

PRIVACY

- Voyager keeps what it needs to run the program: your platform name and account ID, your points, watch time and counts of your activity such as chat messages, games and support. Captain's Log entries you submit with `!log` are kept so MDA009 can review them.
- voyagercommand.com never shows account IDs, chat messages, money amounts or giveaway ticket balances. `!voyager private` hides your hours watched and months subscribed.

VOYAGER-SPECIFIC ATTENDANCE RULES

The general rules operate together with the specific Voyager draw rules. Blue Starter Pack and Monthly Bundle Super Saturday giveaways require live attendance and the approximately one-minute claim window. The Blue Monthly Grand Prize, Silver, Gold, Platinum and Ruby VIP giveaways do not require the winner to be present unless MDA009 announces otherwise for that promotion.

20 | FREQUENTLY ASKED QUESTIONS

QUICK ANSWERS

Is Voyager free?

Yes. Voyager is 100% free and everyone begins as a Blue Explorer.

Do I have to subscribe?

No. Subscriptions, Gift Subs and Bits are optional.

Which platforms count?

Twitch, YouTube and Kick. Chat commands work on all three; Voyager Versus is Twitch only.

How do I upgrade?

Use `!upgrade`. Points are deducted when you purchase an available upgrade: Silver 1,200, Gold 1,800 more, Platinum 17,000 more.

How long does my tier last?

Until that tier's giveaway is drawn. There is no stream limit: Silver, Gold and Platinum all stay until their giveaway.

What is the difference between my tier and my rank?

Your tier is the membership you choose to buy with points and decides your giveaways. Your naval rank is earned from lifetime points and is never lost.

Does spending points lower my rank?

No. Ranks use lifetime points, which never go down.

Do medals give points or better odds?

No. Medals are prestige only: they show on your card and add to your Honour.

How do I count towards Christmas 2026?

Sub, renew or gift subs between 1 Nov and 25 Dec: ×1.5 points during the run and a place in the Christmas Eve draw.

How do I show my card?

Type `!voyager`. Add stats or badges for the back sides, or look yourself up on voyagercommand.com › My card.

Can I hide my stats?

Yes. `!voyager private` hides hours watched and months subscribed on stream and on the site. `!voyager public` shows them again.

What is a tier threshold?

A community point target that activates the next tier giveaway. Entry remains open until the giveaway begins.

What happens after a tier giveaway?

The tier resets for point-based members, who must upgrade again for the next cycle.

What about Tier 2 or Tier 3 Twitch subscribers?

They retain the applicable Voyager tier while the qualifying subscription remains active.

How do giveaway tickets work?

Only in ticketed giveaways. Join with `!entergiveaway`, then earn 1 ticket per 10 minutes watched live. Check with `!tickets`. Tickets are never bought.

How do I know a draw was fair?

Chat giveaways post a fingerprint before the draw. After it, press Check this draw on voyagercommand.com.

I won recently. Can I still enter?

Yes, but chat giveaway winners can't be drawn again for 30 days. Tier giveaways are not affected.

When are mission rewards paid?

MDA009 pays mission, muster, quiz and goal rewards into your Voyager points after they are earned. Weeks reset Monday at midnight.

How do I join a squadron?

Type `!squadron red, gold or blue`. You can switch once every 30 days.

Is Ruby VIP above Platinum?

No. Ruby VIP is adjacent recognition added to the existing core tier.

What is Emerald Elite?

Adjacent supporting recognition for trusted members who help run the stream, Discord and associated programs.

Do I need to be present for giveaways?

Only Blue Starter Pack and Monthly Bundle Super Saturday draws require live presence.

Why didn't my card show?

Cards play one at a time, and each viewer can call theirs once a minute. Give it a moment and type `!voyager` again.

Can I choose my callsign?

Yes. `!voyager title` lists the callsigns you have unlocked; add a medal name to pick one.

What is the Bridge Quiz?

A quick Star Citizen or general-knowledge question on stream. The first correct answer in chat within 60 seconds wins 5 Voyager points.

Do squadron scores change my points?

No. Squadrons are for bragging rights; their scores never change anyone's points.

Can Voyager rules change?

Yes; significant changes will be communicated.
